SKILLS

- Good communication
- Problem Solving Skills
- Critical Thinking Skills
- Flexibility
- Teamwork
- Organisation Skills

EDUCATION

2022
Bachelor of Science Mathematics
University of Manchester,
Manchester

2018
A-Levels
Runshaw college, Leyland
- Mathematics A*
- Further Mathematics A
- Accounting A
- Economics B

2016
GCSEs
Tauheedul Islam Boys' High School, Blackburn
- GCSEs: 6 A* and 5 A

As a dedicated and high-achieving student with a proven track record of academic excellence, I bring a passion for problem-solving and a natural inclination towards learning new technologies. My ability to quickly grasp complex concepts, coupled with a keen attention to detail, positions me as a strong candidate for a software developer role. Motivated by my fascination with technology and its potential to positively impact lives, I am eager to embark on a career in software development where I can contribute my skills and continuously growing and developing.

CODING SKILLS

Codecademy front-end course
I completed the front-end career path on Codecademy where I learned how to use:
- HTML, CSS, JavaScript
- React
- Redux

Code nation boot camp
I have attended and completed code nation master software boot camp. Along with refreshing my front-end skills as listed above, I also learned backend technologies such as:
- Node
- MySQL and sequelize
- Mogo DB and mongoose
- Git, GitHub and version control

Code nation Final Project
As the final project for our Code nation boot camp, our group developed a website centred around Marvel characters. We utilized all of the technologies listed above to create interactive features and seamless backend functionalities. The project strengthened my collaborative problem-solving skills and version control with git. I also learned new skills in API integration and project management tools.

You can view this project as well as others that I have completed at my portfolio website:
